

PE Kit

Yellow PE T-shirt. Black shorts, trainers.

Jogging bottoms and jumpers when weather is colder

PE lessons are on Mondays

PLEASE MAKE SURE ALL YOUR CHILD'S UNIFORM AND EQUIPMENT ARE CLEARLY MARKED WITH THEIR NAME. EARRINGS SHOULD BE TAKEN OUT FOR PE DAYS.

Jewellery – The children are allowed to wear a watch and, if they have their ears

Home learning

Reading-

Your child should try to read every day. Please ensure that 4 sessions of reading are recorded in their reading record book and each one is signed by you. Don't forget reading eggs online as well.

Please remember high frequency words are printed in the front of reading diaries for children to practise reading and writing. Spellings are given out weekly, for a spelling test on a Friday. Please also try writing these words on the sheet provided.

Maths-

Please continue with Mathletics online as well as practising the 2, 5 and 10 x tables.

We all follow the same three school rules:

1. We respect all members of the community.
2. We follow instructions.
3. We use our hands, feet and other objects in a kind way.

Furzefield Primary School

Curriculum Information

YEAR 1

Spring Term

English

We will be reading traditional tales, such as Jack and the Beanstalk and Red Riding Hood, and writing character descriptions. Later on in the term we will be writing our own stories based on a fairy tale setting.

How you can help at home:

Please keep reading a variety of books (fiction and non-fiction) on the topics we are covering and practise handwriting skills. Children could also write their own stories at home.

Maths

Maths will start off with counting numbers 1-100, adding and subtracting within 20 and using mathematical symbols. We will also look at fractions of numbers and shapes.

Later on in the term we will be learning about weight and mass and using different measures. Throughout the term there will be linked investigations.

How you can help at home:

Familiarise your child with how much things weigh in the home. Continue to count and do simple addition and subtraction at home. Learning 2, 5, 10 x tables would also be useful. Let them pay for things with coins where possible.

Science

We are learning about Materials and their origins. We will study touch as part of our 'senses' through a number of sorting experiments. We will be observing aspects of the season and how Winter changes to Spring. We will be gardening as the weather warms up.

How you can help at home:

Get outside to observe the changing weather and seasons. Talk about materials in the home and environment. Think about textures and qualities of these materials.

Art & DT

As part of our Traditional tales topic we will make dioramas for a chosen story and paint characters. We will be building (& testing the 3 little pig houses as well as taking part in the D&T/maths enterprise challenge. We will also link some art lessons with the seasons.

Spring Term

History

We will be learning about kings and queens and comparing Queen Elizabeth and Queen Victoria. We will be going to Windsor Castle on Wednesday 25th March 2020.

Computing

As part of our Computing curriculum we will be revising our basic skills on the laptops and we will become storytellers, using video cameras and sound equipment.

PE

We will be focusing on dance and continuing Yoga skills to keep us calm and improve our concentration. We will continue our daily running.

Children can go online to www.cosmickids.com to practise some of their yoga moves. Any opportunities to play any ball games at home would enhance their skills.

Music

We will link music to our computing and think about sound effects and character voices for our own tales. We will be learning songs linked to Traditional Tales and will perform in our class assemblies.

Values

As part of our values lessons we will be discussing the topics of Responsibility & Honesty and Peace & Freedom.

RE

We will be looking at who Jesus is and learning about the Easter story.
