

PE Kit

Yellow PE T-shirt. Black shorts, Velcro trainers
Jogging bottoms and jumpers when weather is colder

PE lessons are on Tuesdays and Wednesdays

PLEASE MAKE SURE ALL YOUR CHILD'S UNIFORM AND EQUIPMENT
ARE CLEARLY MARKED WITH THEIR NAME.
EARRINGS SHOULD BE TAKEN OUT FOR PE DAYS.

Jewellery - The children are allowed to wear a watch and, if they have their ears pierced, one pair of small stud earrings which must be removed for PE. No other jewellery should be worn.

Home learning

Reading-

Your child should try to read every day. Please ensure that at least 4 sessions of reading are recorded in their reading record book and each one is signed by you. Don't forget reading eggs online as well.

Please remember high frequency words are printed in the front of reading diaries for children to practise reading and writing.

Mental Maths-

Your child will be given a password similar to how Reading Eggs works to go onto the Mathletics site.

We all follow the same three school rules:

1. We respect all members of the community
2. We follow instructions
3. We use our hands, feet and other objects in a kind way.

Furzefield Primary School

LEARNING
IS
FUN

Curriculum Information
YEAR 1
Autumn Term

Year 1 Curriculum Information Leaflet

English

We will be labelling drawings of ourselves and animals as well as listening to stories about animals and writing factfiles. Later on in the term we will write a recount from our Autumn walk and create autumn senses poems. After half term we will listen and write about the story 'Funny Bones'.

How you can help at home:

Please keep reading a variety of books (fiction and non-fiction) on the topics we are covering and practise handwriting skills.

Maths

Maths will start off with basic counting of numbers 1-50, adding and subtracting within 20 and using mathematical symbols. We will also look at 2D and 3D shapes. Later on in the term we will be recognising and using coins and money in practical situations. Throughout the term there will be linked investigations.

How you can help at home:

Familiarise your child with money and recognising shapes in the environment. Continue to count and do simple addition and subtraction at home.

Science

We are learning about Ourselves and animals. We will be looking at the differences and similarities of each person and will study our senses through a number of experiments. We will be observing aspects of the seasons on autumn and how it changes into winter. Children will take part in an autumn walk in the local area.

How you can help at home:

Get outside to observe the changing weather and seasons. Talk about your body and what your senses do.

Art & DT

We will be looking at self portraits from other artists and creating our own. Making autumn collages and creating stick skeletons in the woods during forest schools. We will be making cards for cultural celebrations.

Computing

As part of our Computing curriculum we will be revising our basic skills on the laptops. We would like to build our independence when using our own laptop. EG: being able to login ourselves.

Year 1 Team

Mrs Collins & Mrs Wilson
Miss Martin & Mrs Grogan

Geography

We will look at our school and community with maps and on our autumn walks we will look at features of the landscape and the local environment. We will also study our class countries in detail- France and Italy.

How you can help at home:

Discuss the features of the local area when out and about.

Music

Children will be working on songs for the harvest festival and Christmas. We will also be singing and dancing to songs about our bodies such as 'Heads, shoulders, knees and toes' and 'Dem bones'.

PE

Children will be learning some dances from our class country. We will also be covering gymnastics and Yoga skills to keep us calm and to work on our concentration. We will be using the outside track each day for running and walking.

Children can go online to www.cosmickids.com to practise some of their yoga moves.

Dinosaurs

As a bonus transition unit, we will be starting our Autumn term learning all about dinosaurs. This will be much more in the style of a reception class. We hope this eases the transition for every pupil (after such an odd end to the last academic year). All of our subjects for this unit will be tied together under the dinosaur theme :) We are very excited!
