

P.E. Kit

Yellow P.E. t-shirt, black shorts, plimsolls/trainers for indoor lessons (Monday). Jogging bottoms and jumpers when weather is colder or when outside (Friday).

PE lessons are on Thursday and Friday.

PLEASE MAKE SURE ALL YOUR CHILD'S UNIFORM AND EQUIPMENT ARE CLEARLY MARKED WITH THEIR NAME.

Jewellery - The children are allowed to wear a watch and if they have their ears pierced, one pair of small stud earrings which must be removed for PE. No other jewellery should be worn.

Nail varnish is strictly forbidden and should be removed immediately.

Homework

Maths and English homework will be provided each Monday, with the expectation that it is returned and completed by Friday. In addition to this your child may access Mathletics and Reading Eggs at any point to consolidate their learning.

Your child should read every day. Please ensure that 5 sessions of reading are recorded in their reading record book and each one is signed. Their achievement in reading will be celebrated upon reaching 50 home reads where they will receive a prize.

We all follow the same three school rules:

1. We respect all members of the community
2. We follow instructions
3. We use our hands, feet and other objects in a kind way.

Furzefield Primary School

Curriculum Information

Year Six

Spring Term

English

This term our English lessons will be linked to the story of The Snowman and The Snowdog. We are focussing on narrative writing; detailed descriptions, dialogue and story pace. We will follow these narratives with Ghost stories! We are excited to take this learning outdoors once again, with some fantastic Forest School lessons led by Miss Roberts.

How you can help at home:

Consider what makes a good story! Is it the suspense? Character development? Twists and turns in the plot line?

Maths

This term in maths we will be developing our understanding and confidence when using the four operations to calculate with, tackle worded problems, learn about percentages, fractions and work with decimal numbers. Furthermore, we will spend time learning about co-ordinates, shape translation and probability.

How you can help at home:

Regularly work on times tables and support your child further with Mathletics and their weekly homework.

Science

This term we are learning about Light and will follow this unit by learning about Forces.

How you can help at home:

Please support this learning at home by researching any of the listed topics.

History

For this next term we will be learning about the Vikings and Anglo Saxons. We will be discovering more about these civilisations, who they were, what they did and the impacts this has had on our lives today.

How you can help at home:

Spend some time researching these groups. What can you find out? Share your learning with family and friends.

Computing

We are using our skills of coding to create our own computer games.

Geography

Our geography topic this term will be closely linked with our Viking and Anglo Saxon unit in History.

How you can help at home:

You can help support your child at home by discussing topical issues and current affairs around the world.

RE

We will be exploring what faith is, how faith can differ and the difference it can make in people's lives.

How you can help at home:

Consider your family traditions—these do not have to be religious. How do you spend quality time as a family? What makes you feel happy?

Music

This term we will be creating our own melody using percussion instruments and creating a music video to go with it.

How you can help at home:

Listen to some classical music and discuss the instruments you can hear.

PE

Our P.E lessons will include dance and gymnastics with a focus on movement and developing their skills when striking and fielding. We will also be continuing our 10 minutes of movement everyday :)

How you can help at home:

Why not try and take up a new sport at home?
