

PE Kit

Yellow P.E. t-shirt. black shorts, plimsolls for indoor lessons. Jogging bottoms, jumpers and trainers when the weather is colder or when outside.

The children are allowed to wear a watch and if they have their ears pierced, one pair of small stud earrings. These must be removed or covered (please supply plasters) for PE. No other jewellery or nail varnish should be worn. Hair that is longer than shoulder length, must be tied up for PE.

PE lessons are on Tuesday and Wednesdays. Children can wear PE kit ALL DAY.

Home learning—Homework

Your child will be given a login for: **Times Table Rockstars**, **Mathletics**, **Reading Theory** and **Spelling Frame** which they can access at any time to consolidate their learning and complete set tasks.

It is important for your child to read every day and record it in their reading record book. When you hear your child read, please make sure you sign their reading record.

Their achievement in reading will be celebrated along the way to 70 reads where they will receive a prize.

We all follow the same three school rules:

1. We respect all members of the community
2. We follow instructions
3. We use our hands, feet and other objects in a kind way.

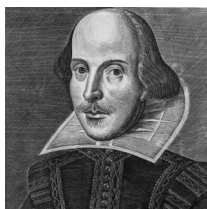

Furzefield Primary School

Curriculum Information Year Five Spring Term

English

This term our learning will be linked to the text, *Macbeth*. We will be working toward our own performance to share with friends, parents and carers.

Additionally, we will be securing our understanding of vocabulary, sentence structure, use of punctuation and spelling.

How you can help at home:

Please support this learning at home by reading daily with your child and asking them key questions about the text. For example, what do you think will happen next? Who is your favourite character? Why?

Maths

This term in Maths we will be developing our understanding and confidence when working with multiples, prime numbers and factors. We will also be learning about fractions, decimals, percentages. When focussing on shape (Geometry) we are going to learn about translation, rotation and reflection.

How you can help at home:

You can support this learning by practicing the times tables regularly and allowing your child to access weekly tasks on Mathletics.

Science

This term in Science, we will be learning all about Earth and Space. We will be describing the movement of the Earth, and other planets, relative to the Sun in the solar system. Our science lessons are always very exciting as we love to conduct experiments and be as practical as possible.

How you can help at home:

Why not help us by observing the different phases of the moon. You can even keep a moon diary for a month to explore it further.

History

This term we are learning History linked with the Victorians. This will include how people lived, differences and similarities through time and key events in history that have impacted our lives today.

How you can help at home: Why not help us research the different inventions the Victorians created? You could even talk to us about how technology has developed further over the years.

PSHCE

Within our PSHCE lessons this term we will be following the, 'No Outsiders

programme which supports the promotion and education of diversity and equality.

How you can support at home:

Allowing your child to talk about their PSHCE topics at home, can be a really good way for them to explore and contextualise some of the content.

Geography

This term, our Geography lessons will be linked with our History. We will be exploring the British Empire during the Victorian Era.

How you can help at home:

Why not help us by looking at the atlas with us and helping us find the different continents and oceans.

RE

This term we are going to be learning about the beliefs and traditions within Christianity; how the church begun, and Islam; what helps Muslims to live a good life.

How you can help at home:

Ask your child what they have learnt about other cultures and traditions.

Computing: This term the children will learn about online safety and how they have a responsibility to keep themselves safe and also not cause unintended harm to others.

How you can help at home:

Reiterate at home the importance of e-safety and model how to protect yourself online. Ask your child about the SMART rules—A set of rules based around the word smart to help them stay safe online.

PE

Once a week we will be progressing with our new P.E platform, iMoves with a focus on dance. We will be learning a Highland jig, to link our Macbeth topic. We will alternate on the other day by playing hockey. 5FS will be swimming.

How you can help at home:

Please help us remember our P.E. kit on the correct days and ensure we have the appropriate clothing and footwear.
