

PE Kit

Yellow PE t-shirt, black shorts and trainers.

Jogging bottoms and jumpers when weather is colder.

PE lessons are on Tuesdays and Wednesdays.

PLEASE MAKE SURE ALL YOUR CHILD'S UNIFORM AND EQUIPMENT ARE CLEARLY MARKED WITH THEIR NAME.

Jewellery - The children are allowed to wear a watch and, if they have their ears pierced, one pair of small stud earrings which must be removed for PE. No other jewellery should be worn. Nail varnish is strictly forbidden and should be removed immediately.

Home learning

Your child will be given a login for: **Times Table Rockstars, Mathletics, Read Theory and Spelling Frame** which they can access at any time to consolidate their learning and complete set tasks.

Your child should read every day. Please ensure that 5 sessions of reading are recorded in their reading record book and each one is signed. Their achievement in reading will be celebrated upon reaching 70 home reads where they will receive a prize.

We all follow the same three school rules:

1. We respect all members of the community
2. We follow instructions
3. We use our hands, feet and other objects in a kind way.

Curriculum Information Year Five Summer Term

English

This term we investing Graffiti and learning about and positive and negative ideas around graffiti. We will learn about the life and style of some of the graffiti artists who have inspired others by their work. We will be learning how to write non-chronological reports, balance arguments and persuasive writing. Additionally, we will be securing our understanding of vocabulary, sentence structure, using paragraphs and frontal adverbials.

How you can help at home:

Please support this learning at home by reading daily with your child, helping them to develop the use of language.

Maths

This term in Maths we will continue to develop our understanding and confidence when working with number including square, cube and prime numbers. We will also be learning about word and reasoning problems.

How you can help at home:

Please support this learning at home by practising the times tables with your child and support any homework tasks set. Remember Mathematics!

Science

This term in Science, we will be learning all about life cycles and habitats. We will be identifying the differences between the life cycle of an insect, mammal and flower.

In the second part of the summer term, we will review life cycles as part of our PSHE and Health and Relationship topic—puberty.

How you can help at home:

Why not help us by exploring animal or plant life cycles at home.

History

This term we are going to be learning about the Indus Valley Civilisation. Children will learn where the first civilisations were located and why they were located along rivers. They will further understand how archaeologists and historians use evidence to piece together a view of life in the past. They will formulate their own questions and deductions about artefacts.

How you can help at home:

Please discuss this topic with your child and ask them questions about their learning. Perhaps visit the library or even a museum where they could further their knowledge by completing their own independent research.

Geography

This term the children will be making geographical links with their history topic. They will learn where the first civilisations were located and why they were located along rivers.

How you can help at home:

Please support this learning by asking your child to make links to any rivers they may have visited. What role do these rivers serve in modern day? Can they make links between present day and how the ancient civilisations used the rivers?

RE

This term we are going to be learning about Journeys and looking particularly at the different Pilgrimages linked to each of the six World Religions. Children will think about if there is somewhere they would to travel too that is very special to them.

How you can help at home: Please support this learning at home by asking your child to share their learning with you.

Computing

Alongside recapping E-Safety within class, we will be developing our basic computing skills this term. Ensuring we feel confident saving, creating and editing new files, understanding how to use different programs and increasing the speed of our typing. We will also be using different programmes to edit photographs, to support our art projects.

How you can help at home: Please support this learning at home by reiterating the importance of E-Safety for all children using computing.

Music

This term we will be following the Charanga scheme of work and will be focusing on percussion and singing.

How you can help at home: Please support this learning at home by exposing your child to a range of music genres.

PE

This term we will be working on our athletic skills particularly our throwing and jumping skills in preparation for the upcoming sports day. We will also play cricket to develop our striking and fielding skills.

How you can help at home:

Please remember your child to wear their PE kit on the correct days and remove all jewellery.
